

TURBO TOWEL

FEATURES

- Turbo Towel is the first blower on the market with heated air (patent pending)
- Use Turbo Towel to quickly dry off the exterior of your car
- Blast water out of cracks and crevices
- Dry floor mats and carpets in a matter of minutes
- Great for drying motorcycles, chrome wheels, and engine compartments
- Our internal heating element heats the air at 120 degrees above ambient temperature to provide a streak and spot free finish
- Thermostatically controlled heating element
- Nozzle velocity exceeds 200+ miles per hour
- Prevent scratches and marks caused by standard hand towel and chamois drying
- Eliminates storage and transportation of wet towels
- Includes a 2" x 30' high temperature hose
- Requires 30 AMP service
- Turbo Towel is Eco-Friendly too!
Minimize landfill waste from purchased and non recyclable products
- Imonex mechanical quarter coin acceptor comes standard
- Large digital display timer – scrolls messages, counts down time, scrolls price of services
- Medeco threaded door locks
- Pin lock style coin box
- Wall or pedestal mounted
